This issue kicks off the new 24-page format of the *Spokesman*. The in focus section will be replaced by cover stories. Other improvements will include combining the around the command and unit news sections, which will now be located at the beginning of the magazine. Also, section features will be dedicated to human interest stories. Look for other changes that will be made in future issues!

This month's cover story is about the unique relationship the 25th Intelligence Squadron has with Air Force Special Operations Command, Hurlburt Field, Fla. Tech. Sgt. John Booth, direct support operator, tests equipment aboard an AC-130U.

Front cover photo by Airman 1st Class Jennifer Gregoire and back cover illustration by Tim Johnson Jr., visual information specialist.
